

“Working Smarter, Together”

Join Bentley in Orlando on January 31, 2012 for this Complimentary Seminar

Time	Topic
8.30 a.m. – 9.30 a.m.	Registration & Refreshments
9.30 a.m. – 9.40 a.m.	Welcome – Marie Moalikiyar, Business Development Manager, Bentley Systems
9.40 a.m. – 10.30 a.m.	<p>Bentley Corporate Update and NEW Benefits of Bentley SELECT</p> <p><i>Presenter: Mike Sedgwick - Vice President Transportation & Local Infrastructure, North America, Bentley Systems</i></p> <p>What’s new at Bentley?.. where are we headed, and what are we doing to help you, your company, and your profession “Sustain Infrastructure”? In addition to a brief corporate update (highlighting some of the most exciting infrastructure projects from around the world), this timely presentation will cover the latest benefits of Bentley’s SELECT program. One key new benefit is our unique, no-cost Portfolio Balancing option which allows you to trade in your SW licenses and exchange them for new software titles, protecting and re-allocating your existing investments. Only Bentley offers this kind of flexibility and investment protection!</p>
10.30 a.m. – 11.15 a.m.	<p>MicroStation Innovations</p> <p><i>Presenter: Chris Bober - Director, Product Management, Bentley Systems</i></p> <p>MicroStation V8i (SELECTseries 3) delivers incredible value and an impressive array of new capabilities. In this session you will see the latest enhancements and innovations like hypermodels, solar analysis and interoperability enhancements (JT, IFC, and terrain models). Learn how these new developments can help your teams create better designs and more efficiently produce project deliverables.</p>
11.15 a.m. – 11.30 a.m.	Break
11.30 a.m. – 12.15 p.m.	<p>ProjectWise Innovations plus iPad apps</p> <p><i>Presenter: Chris Bober - Director, Product Management, Bentley Systems</i></p> <p>ProjectWise is a system of collaboration servers and services for AECO content for the design and construction of infrastructure projects while the work is in progress. Unlike competing systems, ProjectWise is the only one that provides work-sharing, content reuse, and dynamic feedback capabilities to improve quality, reduce rework, and meet project deadlines. This presentation will describe the capabilities provided by ProjectWise to enable real-time collaboration across distributed teams including latest developments such as iPad apps, Point Cloud Data Management, and Transmittals.</p>
12.15 p.m. – 12.30 p.m.	Closing and Q&A
12.30 p.m. – 1.30 p.m.	Lunch
